

Jaya Vaidhyanathan

CEO, BCT Digital

Jaya Vaidhyanathan is the CEO of BCT Digital, an award-winning global digital transformation company delivering disruptive FinTech, RegTech, and CleanTech solutions to large organisations across diverse industry verticals. Ms.Vaidhyanathan with over two decades of industry experience across diverse portfolios, including product strategy, innovation, digital transformation, risk management, and M&A, combines her extensive knowledge of financial markets with disruptive new-age technologies to drive growth and innovation in India's leading enterprises and financial institutions.

An alumna of the prestigious Cornell University and a CFA charter holder, Jaya's professional journey began on Wall Street in the USA as an investment banker. She joined HCL where she was at the helm of large-deals business winning their first massive US\$780 million deal. Later, as the Managing Partner for the Financial Services business at Accenture, Jaya led complex global offshore engagements, working with geographically dispersed teams. Next, as the Executive Vice President of Standard Chartered Bank, Jaya led technology and strategic transformations through a team of 15,000+ engineers and developers.

Jaya and her core team at BCT Digital are the pioneers in building the rt360 Early Warning System (EWS) the first-ever product for NPAs (Non-Performing Assets). Today, BCT Digital is the market leader for overall risk management space including an array of products such as rt360 Credit risk suite, rt360 Governance, Risk & Compliance (GRC) Suite, rt360 Model Risk Management (MRM), and rt360 Asset Liability Management (ALM). Well-respected analyst firm Chartis, in its 2022 global Risktech100 report, has ranked BCT Digital amongst the top 100 risk management companies in the world, in recognition of the rt360 product suite.

Under Ms.Jaya's leadership, BCT Digital has forayed into the GRC and ESG monitoring Space to empowers the industries to manage and monitor the enterprise risk, ensuring end to end governance, compliance and automating the process to provide a holistic and integrated view.

Indeed, boosted by the rt360 – a 'Made in India' risk management suite has been

recognised by many foreign regulators as a product of choice – BCT Digital, under Jaya's leadership, has expanded to global markets, including the USA, and the Middle East. Currently, the company is foraying into Western Europe and Australia.

Jaya serves as the Independent Director on the Board of UTI Asset Management Company and IndiGrid. Jaya is one of the two external directors on the Global Board of PwC and one of the two independent directors on the PwC India Board. Earlier, she served on the boards of Altran Group, Mahindra Sanyo Steel and Spice Mobility. Jaya is an advocate of women empowerment and works with several NGOs, inspiring women to rise and take charge of their lives.

Jaya has made prominent appearances at international events as a keynote speaker, panellist, and moderator. Her talks frequently draw on her experience in risk management, corporate governance, product innovation, and digital banking
